Bartech Group Wins 2006 Ford Motor Company Business 2 Business Award

Livonia, MI – Bartech Group was one of 95 companies recently honored by MSX International for providing superior customer service to Ford Motor Company. Bartech is currently supplying over 250 contingent workers to Ford at various locations all over the United States through MSX's vendor management program. "We are very honored to be given this award and to celebrate our relationship with both Ford and MSX and look forward to many more years of delivering superior and innovative staffing solutions to each," said Bartech Group's Chairman and CEO, Jon E. Barfield.

Celebrating our 30th anniversary this year, Bartech Group is among the largest independent human capital staffing and services firms in the United States. Operating under three divisions including Bartech Technical Services, Bartech Workforce Management, and Bartech Managed Solutions, we specialize in engineering, information technology and professional staffing services, as well as business process outsourcing and vendor management solutions. We continuously strive to deliver better services to our customers every day. Over the past 30 years Bartech has realized consistent growth in revenue. We plan to exceed \$200 million in revenue in 2007. Headquartered in Michigan, Bartech has 16 offices throughout Michigan, Indiana, Ohio, Florida, Wisconsin, New York and Toronto, Canada. We employ over 3,100 employees in over 30 states. For more information on Bartech Group please visit www.BartechGroup.com.

A global automotive industry leader, Ford manufactures automobiles in 200 markets across six continents. With about 260,000 employees and about 100 plants worldwide, the Company's core and affiliated automotive brands include Ford, Jaguar, Land Rover, Lincoln, Mercury, Volvo and Mazda. For more information on Ford Motor Company please visit www.Ford.com.

MSX International Inc. is a global provider of outsourced integrated business solutions, focused primarily on warranty management and dealer process improvement services to the automotive industry. The Company is headquartered in Warren, Michigan, and has annual revenues of approximately \$360 million. MSX has over 3,600 automotive experts in 18 countries, including its European headquarters in Cologne, Germany. For more information on MSX please visit www.MSXI.com.
